On the second conference day we will organise a project idea market place. This should support municipalities, cultural associations and associations in general with their networking, finding potential project partners and work together on common ideas and project steps. Out of this reason we would like to ask you which topics would be most interesting for you or if you already have a concrete project idea.

During the market place of project ideas I would be most interested in the following topics / areas:

I agree that my data will be published in the conference participants list.

End of registration: 28th November 2014
